VINA VINKETA

Experience the Authentic Flavors of Ravni Kotari!

Vina Vinketa Winery invites you to a unique wine experience in the heart of Ravni Kotari, in the village of Nadin, where top-quality wines are born from the renowned Nadin vineyards, famous for their rich winemaking tradition. Enjoy professionally guided tastings and explore the charm of the terroir through a carefully curated selection of labels from our collection.

TRADITION AND TERROIR

Ravni Kotari takes pride in its centuries-old tradition of grape cultivation, and the village of Nadin – with its unique soil, climate, and geographical location – offers perfect conditions for growing grapes and producing premium wines. Our vineyards are cultivated exclusively using eco-friendly methods, and the grapes are harvested manually at the optimal time. We produce 12 wine labels – 5 whites, 6 reds, and 1 rosé – combining traditional methods passed down from our ancestors with modern technologies.

EXCLUSIVE TASTINGS

For all wine lovers and travel agencies, we offer customized tasting packages that include:

A diverse selection of wines – from elegant and indigenous whites to rich, introduced red and rosé varieties.

A professionally guided tasting – our sommeliers will introduce you to the characteristics of each wine.

A tour of the winery and vineyards – learn all about the winemaking process, from vine to table.

Local gastronomic delicacies – cheeses, prosciutto, and olive oil from local producers, as well as homemade bread baked under the bell, complete the experience.

Opportunity to purchase wines at special prices.

Authentic Ambience

Enjoy the warmth of our winery, which includes a tasting room that extends onto a summer terrace and a glass-enclosed restaurant-terrace. We offer visitors the chance to immerse themselves in the authentic atmosphere of a Dalmatian-Ravni Kotari village.

The perfect place to relax with premium wine and local delicacies.
